

2025-2026 1ST-2ND GRADE PROGRAM

WHAT WE LEARN

Our 1st-2nd grade program will give your child a lifelong love for reading. Our phonics-based reading program will improve reading comprehension and speed or for some learners be the final steps to successfully reading. The language arts and penmanship program will develop creative writing skills and teach grammar. Children will learn arithmetic and problem-solving skills as well as introductions to history, science, and health. The combination of these subjects will help your child understand how the world works.

MEMBERSHIP INCLUDES
